

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Infineon Technologies AG, DE
Applic. No: : 10/588,927
Filed : August 9, 2006
Title : Semiconductor package with perforated substrate

DECLARATION

I, the undersigned, herewith state that:

I have been personally involved in the application process and the prosecution of the above-identified application. Specifically, the application, together with the declaration and assignment, were sent to Mr Aberin Irwin, the joint inventor who is the subject of the petition under 37 C.F.R. 1.47(a), in Singapore. I personally organized the communication to Mr Aberin Irwin in Singapore, and I personally know that Mr Aberin Irwin has not returned the signed papers to us.

An official letter dated January 31, 2007, enclosing the entire set of patent application documents of the full patent specifications including the drawings and declarations, were sent by our office to the last known current address on record of 41 Minbu Road #03-00 Singapore 308179 for his review. However, the registered letter was returned to us as undeliverable because there it was vacant. Please see the copy of our said official letter and the returned stamped envelope attached in Annex A.

I had written to Infineon Technologies in Singapore to inquire as to further details of the date of birth and personal identification number of Mr Aberin Irwin, in order to assist in our searches. Please see the copy of our letter to Infineon Technologies dated 23 April 2007 attached as Annex B.

I had also made Internet database searches of international telephone directory, Singapore national listing directory of residences and companies and Philippines national listing directory. All of the results yielded no records or no results found. Please see copies each of the Intelius People Search, Internet Yellow Pages (Singapore), Internet White Pages of Telephone and Email directory of the Philippines and Pinoy Search in the US and the Phillippinee attached in Annex C.

I have first-hand knowledge with regard to the aforementioned facts and I have been personally involved in the communication, or lack thereof, with Mr Aberin Irwin.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
